### IJC TRANSIENT STUDENT POLICY

For the purpose of self-enrichment, members of the public not enrolled at the Independence Junior College may take courses as transient students. Transient students can enrol for a maximum of nine credits per semester. Transient students can enrol into any course for which they have the required prerequisites, or otherwise with the approval of the Dean. Transient students must pay the institution's full registration fees and pay a tuition rate of \$30.00 per credit hour. Transient students cannot vote in student government elections. Registration of transient students is dependent on space availability. Transient students are required to comply with all policies of the institution. In no way should the transient status be interpreted as admission into an IJC program.

I have read, understood and now sign in agreement with this policy.
